Fire Rating Tested in accordance with AS ISO 9705 2003 for the purpose of determining the Group Number classification required by the Building Code of Australia for the control of fire spread on interior wall and ceiling linings.

Classification - Group 1
Specific Extinction - Less than 250m²/kg

Warranty 5-year warranty. Visit baresque.com.au/about/faq/ for complete details.

Lead Time

- 3-4-weeks.
- Additional 1-week for Western Australia.

Suggested Installation

Be sure to support Baffles during installation to avoid bowing or creasing.

Slide Baffles onto notched Square Tube to position it into place.

Fix Adjustable Cables to ceiling.

Adjust cables to complete installation.

Download the Handling and Installation guide for full instructions.

Fabrication Techniques Stanley knife and straight edge

How to Specify

1. Size
2. Zintra Colour
3. Mounting beam colour

Care Instructions

Remove spills immediately using damp, clean cloth.

Dab Zintra with a clean, soft white cloth dampened with a mild solution of liquid detergent and warm water. Repeat using only clean water, then pat dry with a lint free cloth.

Avoid using wax polishes, solvents or concentrated abrasives. For more difficult stains, dampen a soft white cloth with a solution of household bleach (10% bleach / 90% water). Dab gently.

Repeat using only a clean, water dampened cloth to remove bleach concentration then pat dry with a lint free cloth.

Always test in an inconspicuous area first. If care instructions don't deliver the expected results, cease cleaning method immediately and contact Baresque for assistance.
